

Surgical Selective Rotation: Learning Objectives & Clinic Sign-In Sheet

Resident Name: _____ Rotation Dates: _____

****Remember, you are required to attend continuity clinic as part of this rotation.**

Expectation: **Without REACH: 9 clinic sessions per week + 1 session continuity clinic**
 With REACH: 8 clinic sessions per week + 1 session continuity clinic + 1 session REACH

Directions: Please review your learning goals for this Surgical Selective rotation with your portfolio advisor (faculty mentor) either electronically or in person to determine how this addresses specific goals and interests in your 6-month individualized curriculum experience. Then, please free text the date, the subspecialty clinic you attended (must be listed under the Master Selective Spreadsheet), and the name of the attending or preceptor you worked with during that session. If called in for Jeopardy, please note that under 'Clinic' and type in 'Chief Resident' as the preceptor for that session.

Remember that the expectation is that you will attend 9 clinic sessions per week + 1 session of continuity clinic (without REACH) or 8 clinic sessions per week + 1 session of continuity clinic + 1 session of REACH (with REACH). We trust that you will follow the honor system in completing this form and reserve the right to contact any attending/preceptor that you list to confirm that you attended the corresponding clinic on the specified date.

Learning Objectives for Rotation (additional objectives may be attached):

1.
2.
3.

Clinic Date	AM			PM	
	Clinic	Attending/Preceptor name		Clinic	Attending/Preceptor name
